

CONGLETON & DISTRICT U3A

UPDATE TO COMPUTER SYSTEM & WEBSITE

We are pleased to tell you that the upgrade to our computer system and the website, has now been completed successfully, after extensive testing of all features (old and new) by the SAMP team. Members are again welcome to login.

Once logged-in to the website, Members will find that there are a number of new features and improvements. The first thing you may notice is that some content has been shifted to different pages to ensure that we will fully comply with the new General Data Protection Regulation which comes into force on 25 May 2018, such that all Members' personal data (including photographs) are kept secure, and only accessible when you are logged into the website.

You can now tell us if you are a member of **CADW** (the Welsh Government's historic environment service). Just login and click on **My Information** in the left-hand menu. On the small pop-up menu, click **Check My Details** and set the CADW option to **Yes**.

There are also changes for the Membership Secretary and System Administration, and for Group Leaders. The Group Coordinator will let you know what the latter are in due course.

Should you have any questions or problems regarding any aspect of the system or website, please do not hesitate to contact your [S.A.M.P. team](#) via Judith Provis.

Thank you for your patience.
